25X1

1. The landing field of the Jueterbog-Damm (N 52/E 63) airfield was in poor condition on 2 September 1950. \* No aircraft were seen at the field. Two frame-like instruments were erected at the highest point on the field, about 200 meters from the Jueterbog-Bochow (N 52/E 63) road. \*\* Two tents and two trucks with wooden bodies were nearby.

25X1 2. There was little activity on the barracks.                      25X1  
                     tank and truck engines were being repaired in                      25X1  
the repair shop. \*\*\*                     

3. A cobweb-shaped radar set and two radar sets with ears were still on the eastern edge of the field on 11 September 1950.

4. Four tanks were in the second hangar on the eastern edge of the field.

25X1 \*            Comment. The same status of the landing field was previously  
25X1 reported.                     

25X1 \*\*            Comment. Report confirms the presence of two radar sets of  
25X1 the same type as previously observed at airfields occupied by fighter  
division headquarters.                      It has not been determined  
to which unit the sets belong.

25X1 \*\*\*            Comment. The presence of a repair shop for tank and truck  
engines was previously reported.                      25X1
